## 7 The Cedillo Weekly 01/30/15

Fri Jan 30, 2015 10:07 pm (PST) . Posted by: [asncalert](#)

Friends,

We quickly end January and move into February where we will once again celebrate African American Heritage. Let this month be a reminder of the struggles and accomplishments that our brothers and sisters have endured throughout our nation's history. We have come a long way, from slavery to an African-American President leading our Nation. With that said, none of this could have been accomplished without our right to vote.

The March 3rd primary nominating elections are quickly approaching and I encourage you to participate and exercise your right to vote. This Monday, February 2nd is the first day you can submit an application for a vote-by-mail ballot to the City Clerk. Please contact the City Clerk's Election Division 213-978-0444 to request an application that can be emailed or mailed to your home.

If you are not registered to vote, please do so by following this link here, the last day to register is Tuesday, February 17th.

I cannot stress it enough how important it is that everyone who is eligible, not only register to vote, but actually VOTE! I believe that a citizen's right to vote and full participation of all voters is essential to an enlightened society built on a solid democratic foundation.

The right to vote is sacred. In order for us to move forward and overcome societal challenges together, we must have full participation in our electoral process.

Thank you.

Sincerely,

- Gil

#### LEGISLATIVE UPDATE

##### Housing Committee Resiliency Motions

On Wednesday, the Housing Committee heard Councilmember Cedillo's motion to report on potential costs to tenants and landlords from having mandatory retrofit on buildings based on the recommendations in the Mayor's "Resilience by Design" report.

Cedillo announced at the start of the meeting that he will not support a 100% pass-thru to the tenant. Working together with both landlords and tenant advocates he will achieve the best scenario for both parties.

As Chair of the Committee, Cedillo instructed the Department of Building and Safety to report back on a range of estimates of what it would potentially cost to retrofit a soft story unit in the City.

Also, asking the Housing Department to conduct workshops with tenants and landlords to receive input on the proposed retrofit mandate, and to report back on a new program that is specific to seismic retrofits with a recommendation on how to best split the cost between tenants and landlords.

#### Dodgers Presentation

Friday was an exciting day in City Council. Councilmember Cedillo honored the Dodgers for their continued commitment and dedication towards leaving a positive legacy in the City of Los Angeles. Twenty-three Dodger players of past and present including Tommy Lasorda, Ron Cey, Orel Hershiser, and Yasiel Puig joined Councilmember Cedillo in Council Chambers as part of a week long bus tour leading up to Dodgers FanFest.

The recognition was followed by a luncheon with the Wounded Warriors Project and combat injured service members. The Wounded Warriors Project fosters the most successful, well-adjusted generation of wounded service members in our Nation's history and raises awareness and enlists the public's aid for the needs of injured service members. The Wounded Warriors Project helps injured service members support each other and provides unique, direct programs and services to meet their needs.

Dodgers FanFest will occur on Saturday, January 31 at Dodger Stadium and is free and open to the public. For more information visit [Dodgers.com](http://Dodgers.com)

We all wish the Dodgers a great 2015 season and look forward to our Boys in Blue winning the World Series! Go Dodgers!

#### Advocating for Local Immigration Services

Housing Committee heard a motion by Councilmember Cedillo asking the Housing Department to establish linkages with non-profits that provide immigration services and include these types of services to the immigrant community, as part of future Family Source Center programs.

Last month, President Obama, through executive action, announced an immigration reform initiative that would allow parents of either U.S. citizens or long-term permanent residents to apply for a work permit and three years of protection from deportation. The action also included an expansion of the program known as Deferred Action for Childhood Arrivals ("DACA").

The motion stated that in the absence of comprehensive immigration reform, local communities are left to address numerous humanitarian and social challenges, and that the City must be proactive in assisting communities and families.

On Friday, Councilmember Cedillo joined Mayor Eric Garcetti at the Getty House along with Alejandro Mayorkas, Deputy Secretary of Homeland Security, Antonia Hernandez, President & CEO of California Community Foundation, and Linda Lopez, PHD, Chief of the Office of Immigrant Affairs to discuss these efforts; along with several other opportunities to help Los Angeles immigrant community.

##### Westlake and Echo Park Homeless Count

Team Cedillo helped to make a difference in the lives of homeless men, women, and children throughout Los Angeles County by taking part in the nation's largest homeless census. The count helps with securing resources to mitigate this major problem that impacts all of us.

Team Cedillo was in full force with 16 volunteers on Thursday as part of the 70 volunteers being deployed at the Westlake Count. They met at the Royal Palms where the deployment site coordinator from LASHA trained all volunteers. The Count began at 8:00 pm and continued throughout the evening until every single geographical area was covered to determine how many homeless were in the area.

The Echo Park Count was at capacity with 75 volunteers that included four Team Cedillo members as part of the Metro Los Angeles Count in Council District 1. The deployment site was at Barlow Hospital where volunteers received training and were deployed throughout the area.

Team Cedillo thanks all of the Homeless Count volunteers who took time to make a difference and combat homelessness this past week. You made a difference in the lives of men, women, and children that are homeless.

Vinyl Potluck  
a project by Tom Norris  
Bring a record, play a few tracks

Monte Vista Projects is pleased to present the most recent installment of Vinyl Potluck, a project by Tom Norris. Vinyl Potluck is an ongoing series which investigates our relationship with vinyl records and nostalgia.

Attendees are invited to bring a vinyl record from their own collection and share with the group. The selection can be musical, historical, art-centered, or otherwise personally meaningful. A crate of records will be provided for those participants without records from which they may choose a selection. This record may then be kept by its selector, starting a new thread of nostalgia associated with both the vinyl object and the Vinyl Potluck event.

About Monte Vista is an artist-run space in Highland Park. Since July 2007, we have hosted exhibitions, lectures, events, and performances. The space is self-determining—there is no "manifesto"—but our general aims are to provide a platform for art and conversation to Los Angeles, emphasizing experimentation and artworks that contribute to non-traditional dialogues.

#### Location

We are located at 5442 Monte Vista St (at Ave. 55), Los Angeles, CA 90042. Monte Vista St is two blocks west of Figueroa St. Here's a Google map <http://local.google.com/maps?f=q&hl=en&q=5442+Monte+Vista+St,+Los+Angeles,+CA+90042&sll=37.0625,-95.677071&sspn=47.080837,70.224609&ie=UTF8&z=16&iwloc=addr&om=1>

#### Hours

**SYCAMORE GROVE** — Nearly 50 bicyclists were stopped Thursday night at a busy Figueroa Street intersection for riding without a required light. But instead of getting a ticket, they got a free bike light and safety lesson.

Volunteers with the Los Angeles County Bicycle Coalition, in partnership with the Arroyo Seco Neighborhood Council, set up the unannounced operation at the northeast corner of North Figueroa and Pasadena Avenue, an intersection on the border with Cypress Park that becomes extremely congested during rush hour with cars, buses, skateboarders, pedestrians and cyclists, said neighborhood council member Martha Benedict.

The outreach and education program called Operation Firefly was created to help people who rely on bicycles for transportation and for the LACBC to gather data on bike use. LACBC members asked the bike riders a series of questions, such as, "Are you riding tonight for recreation or transportation?" and "Have you ever been in an accident riding at night?" The data is collected and used to learn about bike use in the city and to identify problems.

The California vehicle code requires bikes to be equipped with the following equipment if used at night:

A lamp emitting a white light that, while the bicycle is in motion, illuminates the highway, sidewalk, or bikeway in front of the bicyclist and is visible from a distance of 300 feet in front and from the sides of the bicycle.

A red reflector on the rear that shall be visible from a distance of 500 feet to the rear when directly in front of lawful upper beams of headlamps on a motor vehicle.

A white or yellow reflector on each pedal, shoe, or ankle visible from the front and rear of the bicycle from a distance of 200 feet.

A white or yellow reflector on each side forward of the center of the bicycle, and a white or red reflector on each side to the rear of the center of the bicycle, except that bicycles that are equipped with reflectorized tires on the front and the rear need not be equipped with these side reflectors.

A lamp or lamp combination, emitting a white light, attached to the operator and visible from a distance of 300 feet in front and from the sides of the bicycle, may be used in lieu of the lamp required by paragraph (1) of subdivision (d).

Benedict said that 46 riders received lights during the two hour outreach program.

"The bike riders looked a little startled at first but quickly relaxed as they understood they were not in trouble," Benedict said of Thursday's bike light distribution. "Every one of them left happy with their new lights and greater confidence that they'd get

home safely."
